

## ***FEED SAFETY POLICY STATEMENT***

Applied Nutrition Pty Ltd maintains an integrated Management System which ensures continuous improvement in the quality and feed safety of the products it offers to the market which it serves.

The IMS encompasses all operational activities of the Company from order receipt to product dispatch, all the procedures and processes required to meet its customers' specified requirements and those required to exceed its customers' expectations.

The policy embraces the following key principles:

- Eliminating/minimizing all possible contamination physical, chemical and microbiological at the earliest possible stage
- continuously improve production efficiency
- Compliance with the requirements of Australian Code of Practice for Animal Feed Ingredient & Additive Suppliers.
- Systems and controls shall be prevention based to foster more effective decision making
- Funders and Suppliers are integral to the quality process and company staff shall work closely with them to meet customer's needs
- Company management is fully committed to their Policy through active participation in improvement activities and leadership

Applied Nutrition's Executive Management will be responsible and accountable for ensuring this feed safety Policy is implemented and their respective teams are fully aware of these responsibilities.
